FOR THE OCEAN TOUR: [Sesh Two for Divers](#)

We returned with a second round of our flagship event—FTOT! Over 3 days and 2 nights at Pulau Perhentian, participants engaged in exciting activities focused on ocean conservation. At the heart of the event, participants engaged in two impactful underwater clean ups and a beach clean up. Alongside, the program was packed with a "dive with awareness" workshop, ocean sustainability talk, climate cafe, seascape painting workshop, and a screening of the documentary "Mission Blue."

Check out our [Instagram](#) for more highlights!

Our participants unleashed their inner Picasso, they've got some serious talent! Shoutout to our coach [@sohaigypsea](#) for leading the workshop with such skill and passion, bringing out the best in everyone's creativity.

We extend our heartfelt appreciation to [Oatbedient](#), our doorgift sponsor. Their 100% plant-based oat milk isn't just delicious—it's also sustainably sourced, making it the ultimate guilt-free treat. Give it a try and taste the goodness for yourself!

Special thanks to our collaborators and supporters:

EDUCATIONAL TALK: [Taylor's International School Puchong](#)

We are honored to be invited to present an awareness talk to over 100 children aged between 4 to 5 years old about our oceans, the problem of pollution and solutions. Their enthusiasm and curiosity during the Q&A session warmed our hearts.

Thank you to Taylor's International School Puchong for this opportunity to inspire our future leaders to care for our oceans.

EDUCATIONAL TALK: [Universiti Teknologi PETRONAS](#)

We are humbled to be invited by UTP Kraken, the Scuba Diving Club at Universiti Teknologi Petronas, to speak at their Coastal Awareness program. Around 80 high school and primary school students from Seri Iskandar attended. We discussed the ocean's significance, ecosystems, current threats, and the importance of incorporating sustainable practices into daily life.

We hope to offer more students the chance to learn more about our oceans.

CLIMATE CAFE @ [GAYA HQ](#)

Teaming up with [Green Day Out](#), we hosted a Climate Cafe at the eco-friendly Gaya HQ, a nature-centric, sustainable co-working, and co-living space rooted in the zero-waste concept. Together, we delved deep into discussions on climate-related challenges, swapped personal stories, and bonded over our shared commitment to addressing these issues.

With smiles lighting up the room, it was as enjoyable as it was productive!

Our heartfelt thank you to all the participants who joined us and Gaya HQ for their invaluable support in bringing this event to life.
